

# Restore Our Union

We are concerned citizens of the United States of America intent on enacting real and permanent change to restore our government to the constitutional republican union guaranteed by our constitution and ensure that it is truly a government "of the people by the people and for the people" who's citizens are able to freely exercise all of their fundamental rights as also guaranteed by our constitution.

The **Constitution of the United States of America** guarantees our union to be a constitutional republic. A constitutional republic is a government in which supreme power is held by the citizens entitled to vote and is exercised by elected officers and representatives governing according to only constitutionally compliant law and only by the citizens' consent.

*"The people of the United States are the rightful masters of both Congress and the Courts, not to overthrow the Constitution, but to overthrow the men who pervert the Constitution." - Abraham Lincoln (17 September 1859, speech in Cincinnati, OH)*

Founded by **Jimmie Allison and Marlin Allison** both of New Mexico. We extend to all individual US citizens a comprehensive set of constitutional amendments that if incorporated and ratified in whole would return our government to the true constitutional republican form and again empower the individual US citizens with the power and liberties and freedoms envisioned by our nation's founding fathers.
